

## What makes our Academy Different:

1. **Small group instruction:** Instead of being surrounded by hundreds of other participants, the goal of the Summer Baseball Academy is to provide the best learning environment possible in a small group setting so each participant can receive one-on-one quality instruction based on his/her ability.
2. **Repetition:** Repetition is the key to quality learning and development. Your child will be instructed on all aspects of the sport of baseball but, more importantly, he/she will be afforded the opportunity to apply learning through repetitive drills while receiving quality feedback from Coach King and his staff.
3. **Problem-specific learning opportunities:** If you are having specific trouble with a baseball-related skill during your Little League, Cal Ripken, Babe Ruth, Senior Babe Ruth, or American Legion season, the Summer Academy can help.

## Academy Director:

### Greg King

Coach King just completed his 13th season as the head baseball coach for Thomas College. King played baseball at the University of Maine under legendary coach John Winkin. In 1996, King was an assistant coach for the Bangor Blue Ox of the Northern Independent League and he coached in the prestigious Cape Cod Baseball League as an assistant and as a Field Manager for seven years. A three-time conference Coach of the Year, King has led the Terriers to four Conference Championships, winning three. King's passion is to help improve the quality of baseball throughout the state of Maine, especially the Central Maine area.

## Junior Red Sox Baseball Camp

### Your child will benefit from:

- A quality and caring professional staff with experience, compassion and a priority for camper safety and having fun.
- A quality training in the fundamentals of baseball including: skill development in batting, fielding, catching, throwing and strategy.
- Canoeing, swimming, campfires, ropes course, climbing wall, games, making new friends and positive growth and learning experiences.
